Re: 5001 Grove Street permits

Ms. Mazarro,

The City of Marysville has no records responsive to your request.

After research, staff finds that we have no record of any building permits applied for at 5001 Grove Street. The original building was constructed in 1922. That area was not annexed into the city limits of Marysville until 1991. Therefore, you may want to check with the Snohomish County records division, PublicRecordsOfficer@snoco.org, hopefully they can provide you with more historical data.

I hope this assists you with your research,

Thank you,
